Introduction

Slow learners

Slow learners are those students with poor grades. They find it difficult to understand the concept, retain and integrate it. They find it difficult to adjust to teaching-learning process and may fail or even dropout. The poor performance can be improved through adequate motivation and support by the faculty.

Guidelines for identifying Slow learners:

Slow learners are identified based on the first internal examinations those who Score less than 50%.

Following Special activities are conducted for Slow Learners:

1. Slow learners are motivated to join remedial classes, conducting of extra classes to help them bridge the gap of learning
2. Special attention by the mentors to the students identified as slow learners

Remedial Classes Report for 2022--2023

Department of Physics has conducted remedial classes for the slow learner's students of B. Sc. II, IV, and VI semester physics students as per the time table. The faculties explained the important topics in their syllabus, difficult derivations and old question papers were solved for the students.

The objective of conducting the remedial classes was to help the students to score better in II IA and term end examination to be conducted by the university.

Introduction

Slow learners

Slow learners are those students with poor grades. They find it difficult to understand the concept, retain and integrate it. They find it difficult to adjust to teaching-learning process and may fail or even dropout. The poor performance can be improved through adequate motivation and support by the faculty.

Guidelines for identifying Slow learners:

Slow learners are identified based on the first internal examinations those who Score less than 50%.

Following Special activities are conducted for Slow Learners:

1. Slow learners are motivated to join remedial classes, conducting of extra classes to help them bridge the gap of learning
2. Special attention by the mentors to the students identified as slow learners

Remedial Classes Report for 2022--2023

Department of Physics has conducted remedial classes for the slow learner's students of B. Sc. I, III, and V semester physics students as per the time table. The faculties explained the important topics in their syllabus, difficult derivations and old question papers were solved for the students.

The objective of conducting the remedial classes was to help the students to score better in II IA and term end examination to be conducted by the university.
